

WEST BROADWAY IMPROVEMENT DISTRICT

Proposed Business Plan

MISSION STATEMENT

The mission of the West Broadway Improvement District (WBID) is to create and promote a cleaner, greener, safer West Broadway Business District.

PURPOSE

The purpose of the WBID Business Plan is to outline how the WBID will operate and measure success; the plan also describes the history of the WBID. The business plan will be updated periodically. In addition to the business plan, the WBID Staff and Board are also responsible for creating an annual operating plan. The operating plan outlines the services and budget that will happen in a given calendar year.

THE WBID MODEL

Outstanding commercial corridors sustain healthy small businesses and improve the quality of life for the entire community. By implementing a Business Improvement District (BID) on West Broadway Avenue, the additional assessment paid by property and business owners provides a platform for continued economic growth and sustained development. Establishing a BID on West Broadway, the primary commercial corridor in North Minneapolis, will have a positive and long-lasting impact on both the neighborhood and the larger community of Minneapolis.

A BID allows property owners in a commercial district to collectively assess themselves to fund special amenities and enhanced services. These special amenities and enhanced services are over and above what the City ordinarily provides for commercial districts. BIDs have been operating in the United States for over 30 years. They have consistently shown a proven impact on tenancy and property values of the neighborhoods in which they operate. Neighborhoods with BIDs are better able to maintain property values during economic downturns because prioritized commercial corridor services and programming are continuously provided by the BID.

A BID, also known as a self-managed Special Service District (SSD) in Minneapolis, is a tool that has been used locally, nationally and internationally to improve and revitalize small and large commercial districts by providing a higher level of service for business district customers. In the City of Minneapolis there are 16 SSDs. Services and amenities vary greatly per district and can include: banners, holiday decorations, streetscape greenery, sidewalk and street cleaning, snow removal, and marketing.

In 2011, with the support of the University of Minnesota, West Broadway Business and Area Coalition (WBC) hired a research assistant to do a feasibility study for a BID on West Broadway. The report can be found here: <http://www.cura.umn.edu/publications/catalog/npcr-1363>. The findings indicated that the implementation of a BID could assist in the revitalization of the West Broadway corridor.

Due to continued interest from West Broadway area business and property owners, in the fall of 2012, the WBC Membership and Board of Directors convened a steering committee of local property and business owners to organize and promote the formation of a BID. The steering committee chose the name West Broadway Improvement District (WBID) for the BID. The WBID steering committee members recommended that the BID be self-managed to provide greater local control and accountability and recommended the WBC as the management entity.

DISTRICT GOALS

The WBID will provide funding for an enhanced level of service for the West Broadway business district. The services will contribute to a more cohesive, cleaner, safer, and greener streetscape. The West Broadway Business and Area Coalition (WBC) will manage the services. The intent of the district is not to replace existing city services but to provide a higher level of service than what is currently being provided.

Using the West Broadway Alive Plan, the small area plan adopted in 2009, as a guiding document, the steering committee identified several goals and activities related to the mission of the WBID. Identified goals and activities include (but are not limited to):

- Create a cleaner, safer, greener, and more beautiful West Broadway
 - Decrease in litter and graffiti
 - Decrease crime and perception of crime
 - Increased presence and maintenance of public art, seasonal decorations, banners, benches, garbage cans, etc.
 - Increased eyes on the street
 - Increase greenery
- Increase commerce within the business district
 - Change negative perceptions
 - Improve promotion of West Broadway businesses and cultural opportunities
 - Attract new businesses and development

DISTRICT GOVERNANCE & MANAGEMENT

Governance Board & District Management: The WBID will be governed and managed by the WBC. The WBC is a nonprofit corporation incorporated in the State of Minnesota in accordance with Minnesota Statute 317A. The mission of the WBC is to lead initiatives to bring businesses, non-profit organizations, and neighbors together to create an inviting and vital West Broadway corridor that will transform the Northside into a thriving economic community.

The WBID Board (which is the same as the WBC Board and will be heretofore referred to by as the “WBC Board”) is and will be comprised of a mix of commercial property owners, proxies to commercial property owners, business owners, and community stakeholders. The composition will be a minimum of three-fifths assessed property owners or proxies, such that a majority of the board shall be comprised of property owners participating the assessment. WBC bylaws state that 51 percent of board members must represent a business on West Broadway; however, with the implementation of the WBID we will adhere to the minimum set by the City of Minneapolis.

The WBC Board is committed to recruiting and electing members who represent the diversity of businesses and property owners that exist within the WBID district boundary. Directors will represent a diverse stakeholder group, including small and large property owners, small and large business owners, independent and corporate businesses, immigrant and minority owned and operated businesses. WBC has an active membership base of property owners/businesses in the West Broadway area and strong working relationships with the majority of the business property owners in the district. The WBID will recruit board members in the following ways:

- Recommendations from council members
- Recommendations from existing board members
- Notifications to all ratepayers
- Existing board members should identify replacements upon exiting the board

WBC will establish an official BID Committee to advise the WBC Board on WBID operations and budgets. The WBID Committee will be made up of WBID ratepayers, including existing board members. WBID Committee responsibilities include: attending bi-monthly meetings, provide feedback to the managing entity regarding services, participate in an annual pre-budget meeting, and participate in an annual Board meeting at which the recommended annual budget and operating plan will be adopted. Ratepayers interested in participating in the WBID Committee should contact the WBC Executive Director.

Management Qualifications: WBC Board and Staff will be the internal support system with the capacity, experience, and qualifications necessary to manage the WBID. Relevant experience includes (but is not limited to):

- Budget Management: WBC Staff manages an annual budget of \$350,000.
- Contract Management: WBC manages 20+ contracts annually.
- Procurement: WBC procures vendors on a regular basis for area needs. Past vendors include: Artists, Printers, Graphic Designers, Event Management, Equipment Suppliers, Sign Manufacturers, etc.; WBC provides technical assistance to businesses on sound procurement and contracting practices through the facade improvement program.
- Fiscal Management: WBC has a solid track record of exhibiting sound financial practices.
- Record Keeping and Reporting: WBC has sound recording keeping, reporting practices, and policies. WBC provides annual reports to all funders.
- Transparency and Accountability: WBC has a high standard of transparency and accountability, provides monthly financial statements to the WBC Board, and to funders on request

Open Meetings: The WBC Board meets monthly. The WBC Board will hear WBID business at the January, April, July and October Board meetings. In an instance when an action cannot wait for the next quarterly meeting, WBC staff will alert BID ratepayers of the agenda item and action needed at least 24 hours prior. The WBC will follow all open meeting laws for WBID business and decision making. Meeting agendas will be emailed out to the list of ratepayers that have requested to be included on the email list. To assure that you are on this email list, email wbid@westbroadway.org. The agendas will also be posted to www.westbroadway.org/WBID three days prior to the scheduled meeting.

Internal Policies and Procedures: See Exhibit A, WBC Bylaws for more information on organizational governance policies.

Records/Meeting Materials Management: WBC Staff will be responsible for recording meeting minutes and keeping records for the WBID. WBC will retain both written and electronic records of meeting minutes and materials. This information will be available on the WBC website, www.westbroadway.org.

Conflict of Interest Policy: WBC will notify the City of Minneapolis of any potential conflicts of interest. WBC Conflict of Interest Policy is stated in Section 3.16 of the WBC Bylaws.

Section 3.16 Conflicts of Interest. Except as permitted by law, with respect to any contract or other transaction between this corporation and any director (or an organization in which a director is a director, officer, or legal representative or has a material financial interest), the material facts as to such contract or transaction and as to the director's interest must be fully disclosed or known to the Board of Directors prior to approval of such contract or transaction, and the interested director may not be counted in determining the presence of a quorum and may not vote.

FINANCIAL MANAGEMENT

WBC has a history of sound fiscal practices and management. See the WBC internal policy for Financial Management, Exhibit B. To assure a high level of transparency for ratepayers the WBC will employ the following practices:

- WBC will retain all records for 7 years.

- WBC will hire a Certified Public Accountant (CPA) to file the required IRS 990 form.
- WBC will hire an accountant/CPA to conduct a financial review on an annual basis and an independent financial audit when required by the City of Minneapolis or when the organization reaches the size at which the IRS requires an annual audit.
- WBC Staff will post WBID annual budgets, monthly income statements and balance sheets for city officials, ratepayers, and the general public at www.westbroadway.org/WBID. Monthly financials will be available with a rolling two-month lag, for example January financials will be posted by April 1st.
- To assure a fair and accurate service charge, WBC will track all staff hours for the WBID; this information will be reported quarterly to the WBID Committee.
- The Operating Plan (which will be updated annually) will be posted on our website for public access.

SERVICE IMPLEMENTATION

Annually, the WBID will adopt a proposed operating plan that includes goals, objectives, the annual budget, desired services, and implementation plan. Service selection and implementation will be decided on an annual basis as a recommendation of the WBID Committee and a vote by the WBC Board. Internal management of the WBID will emphasize and seek competitive pricing and cost controls while maintaining a consistent standard of service throughout the district.

Work will be performed by a combination of employees and subcontractors. WBC Staff and Board will monitor the service provider performance through ongoing evaluation including tangible measurements dependent on services, examples: number of bags of trash collected, number of banners installed, number of hours worked by vendors, number of graffiti tags removed, etc. WBC Staff will also solicit property owner feedback including annual surveys of performance of management and services, including number of calls fielded, customer/member feedback, etc.

Where applicable, the WBC will ensure all contractors hold a license to operate in the City of Minneapolis and/or State of Minnesota. This ensures all WBID work is completed within legal parameters and industry standards for working in the public realm. Staff will be responsible for monitoring and reporting on performance, and ensuring compliance with all applicable local, state and federal laws related to the implementation of the district's service. WBC Staff will stay updated on best practices by being involved with industry groups, City of Minneapolis staff, our attorney and CPA.

PROCUREMENT MANAGEMENT

WBC Staff will manage all sub-contractor procurement to the legal standards held by the City of Minneapolis. Contracts for services will be based on a combination of factors including area needs, budget constraints and scale and like services in other business districts. Initial contracts will be developed during the startup phase of the WBID.

WBC Staff will work with the City of Minneapolis Department of Public Works to develop technical service specifications and technical product specifications to assure “apples to apples” bids. Staff will use a request for bids process to solicit proposals. WBC Staff will review proposals. Staff will work with the City of Minneapolis Public Works Department and the WBC Board to develop a guiding scope of non-service provisions including insurance requirements, substandard performance, termination, etc. Staff will create a bid summary for each request for bids process completed and contractor hired. The WBC will solicit at least two bids for all services or

products.

To assure that all goods and services are procured using fair, ethical and legal procedures and all procurement activities are transparent and records are properly maintained, Staff will provide written reports to the WBID Committee and the WBC Board of Directors.

PUBLIC REALM MANAGEMENT

When required the WBC will ensure all contractors hold a license to operate in the City of Minneapolis. This ensures all WBID work is completed within legal parameters and industry standards for working in the public realm. All contractors will be trained to work in the public realm and have an ongoing relationship with the 4th Precinct Police Department.

The WBID will be responsible for maintaining up to date knowledge on industry standards for working in the public realm. This includes but is not limited to: safety compliance, traffic control, permitting compliance, and first amendment considerations.

While district services are intended for public right-of-way, the WBID can serve as a liaison between private property owners and service providers to make sure improvements are made accessible throughout the district. Funds and resources are limited to those affecting services in the public right of way. The WBID will maintain established connections to other districts to make sure knowledge and familiarity with business improvement district industry reflect best practices in the area of ratepayer engagement.

RATEPAYER ENGAGEMENT

WBC Staff and Board will communicate and engage with Ratepayers through:

- The WBID Webpage: www.westbroadway.org/WBID

In addition, any director who is absent for three meetings within one (1) calendar year, may be deemed as “resigned” from the Board of Directors. The director may be reinstated by an affirmative vote of a majority of directors present at a subsequent meeting of the Board.

Section 3.5 Vacancies. Any vacancy in the Board of Directors caused by death, resignation, removal, an increase in the number of directors, expiration of term, or any other cause, shall be filled by affirmative vote of a majority of the total number of remaining directors, though less than a quorum, from a slate of nominees proposed by the Nominating Committee, and the term of the director filling the vacancy shall expire at the end of the term being filled.

Section 3.6 Time, Place and Manner of Meetings. The Board of Directors may hold its meetings at such time and place and in such manner as it may from time to time determine. If the Board of Directors fails to select a place for a meeting or to specify that the meeting will be conducted solely through means of remote communication pursuant to Section 3.07, the meeting shall be held at the registered office.

Section 3.7 Meetings Conducted Solely Through Means of Remote Communication. Section 3.12 Notice. Notice of a meeting shall be mailed to each director, addressed to the director at his or her residence or usual place of business at least five (5) days before the day on which the meeting is to be held, or delivered personally or by telephone, facsimile transmission, or electronic communication which meets the requirements of Section 3.17, not later than two (2) days before the day on which the meeting is to be held, however, notice need not be given if the date, time and place of the meeting were announced at a previous Board meeting. The notice shall state the time, place and manner of the meeting, but need not state the purposes thereof. Notice will be deemed waived by any director who attends the meeting in person or participates in the meeting via remote communication, unless the director objects at the

beginning of the meeting that the meeting is not lawfully called or convened and does not participate in the meeting. Notice also may be deemed waived if the director consents to such waiver of notice in writing or by electronic communication which meets the requirements of Section 3.17, before, after or during the meeting.

Notice of any adjourned meeting need not be given, other than by announcement at the meeting at which adjournment is taken. If a quorum is present when a duly called or held meeting is convened, the directors present may continue to transact business until adjournment, even though the withdrawal of directors originally present leaves less than the number otherwise required for a quorum.

The action is effective when the written action has been signed or consented to in an electronic communication which meets the requirements of Section 3.17 by the required number of directors; unless a different effective time is provided in the written action.

Section 3.16 Conflicts of Interest. Except as permitted by law, with respect to any contract or other transaction between this corporation and any director (or an organization in which a director is a director, officer, or legal representative or has a material financial interest), the material facts as to such contract or transaction and as to the director's interest must be fully disclosed or known to the Board of Directors prior to approval of such contract or transaction, and the interested director may not be counted in determining the presence of a quorum and may not vote.

Section 3.17 Electronic Records and Signatures. This corporation recognizes that authenticated electronic communication which meets the requirements of this section may legally satisfy written record and signature requirements necessary for valid records, signatures, and contracts. Authenticated communications are those communications that set forth information from which the corporation can reasonably conclude that the communication was sent by the purported sender and are delivered to the principal place of business of the corporation, or to an officer or agent of the corporation who is authorized by the corporation to receive the communication. Electronic records are records that are created, generated, sent, communicated, received or stored by electrical, digital, magnetic, wireless, optical, electromagnetic or similar technologies. Valid electronic signatures are those that are expressed through an electronic sound, symbol or process, and that are logically associated with a record and executed or adopted by a person with intent to sign the record.
